Messrs. S. H. & H. Chapman,

Gentlemen;

Your invoice of coins of December 23rd is just received. They were delayed by an overland train being snow bound in New Mexico. I wish I might have had them a week sooner, as I had opportunity to buy some others which I took. I find though that some of your pieces are better than the ones I took, and would take yours yet, but can not afford to discard the others and sell them at a sacrifice.

I may send you an invoice soon, for sale, as most of the pieces I am buying are to replace others. Is it worth while to send pieces which you would sell for from 10 to 25 cents more than their face?

What is the matter with the 1796 Dollars, large date? The R of one you sent looks as if it had been plugged between the I and C in America. I have one just like it. Are they all that way?

What is the difference between cent of 1839, type of 33, and the "Silly Head" of 33?

Would like description of the four varieties of 33 cents if not too much trouble.

I would like to keep the Proof Dime of 1825 but think the price too high. Will give \$15. for it. I see where one sold for \$14.50

The coins from the Ramsden sale have been rec'd but extrawork in closing schools has prevented an earlier reply. The half dollar of 1836 is not as good as I expected. I notice an error in addition of 10c and so enclose draft for \$14.93 instead of \$14.83

Messrs. S. H. & H. Chapman,

Gentlemen:—

Yours from Far Harbor has been received. I had already purchased some pieces before its arrival. I send you a corrected list of wants, and check those on your list which I would like sent on approval. Where two prices are given send the one checked in red ink. Put the proof sets down low. If you have a good priced catalog of the Parmelee Sale with plates (if there were any) send me one.

Don't send any thing to arrive here before the first of Sept. as I am going to be away until that time.

I have only bought a few samples of gold, and can not indulge in it yet to any extent. The only way I could touch it would be to trade you some good Los Angeles real estate for gold coins.

What do you ask for the 1875 gold proof set?

I shall want to offer my uncirculated sets of 1842-48-50-54-55+56 as part pay on the proof sets of those years.

Respect.

W. M. Friesner.

Gentlemen; -

The tin box containing the large invoice was received yesterday. I am not able to use my eyes at present but with the assistance of another person, I have gone over the invoice and taken out those pieces which I know I do not want and returned them by express today. When I can use my eyes, in a week or ten days, I will go over the pieces again which I have kept and return any then not wanted together with the pieces which they displace.

I return the following pieces:

I have kept the Half Cents out of the proof sets of 1842 and 1848 which I will buy at a fair price if you care to break the sets. If you have an uncirculated half cent of 1850 send that to me. I have an 1857 proof set. I enclose my 1798 Quarter for which I want \$30. although it cost me more.

When I can see better will try to straighten out account of May 24th, concerning 1798 Dime. There was strong evidence of tin box having been opened yet I could discover nothing wrong in coins.

I hope you will find the Dohrman catalog as I learned something of that man and his collection during my recent visit to San Francisco.

		Balance	\$ 54.25

1/4 1795

The only thing I can find about the Dime of 1795 that you returned, is that you say in your letter of May 13th, it is worth \$1.50; therefore I infer that because I allowed you to keep it that I accepted the \$1.50. I now add that amount to the draft making \$55.75. I still have your Quarter of 1796 which I will dispose of one way or the other when I hear from Frossard. I return by registered mail the following; 1801 Half Dollar \$25.00; 1802 Half Dollar \$20.00; 1803 Half Dollar \$10.00; 1803 Cent \$20.00; and 1809 Cent \$15.00.

The man to whom I sell my pieces wants a Half Dollar of 1801; ^{and} if you will the \$12. one to me, I think I can sell it to him.

Very sincerely,

Wm. Frossard.

(Dictated)

Have just heard from Frossard who takes his 1796 1/2 doc. I keep yours & make the draft \$70.25, which closes account. Wm. Frossard.

Messrs Chapman,

Gentlemen:—

I have nothing to do now, and in order to entertain myself and because I like to straighten out knotty problems I am going over our letters and accounts from Oct. 1891 to the present time.

I find however I did not keep a copy of my letter to you of May 24th 1892. If you will kindly send me a copy of that letter I think I can adjust things.

Sincerely,

W. M. Friesner.
